## RENEXPO:

### About RENEXPO:

Leading international renewable energy, energy efficiency and environmental trade fair with professional conferences incorporated in RENEXPO® brand name will be organized for the third time in Serbia. RENEXPO® Western Balkans will present an alternative to the production of heat and electricity using available biomass and biogas resources, technical and economic potentials of hydropower and the importance of the implementation of projects that enable rational energy consumption in construction, industry and public lighting. RENEXPO® has been recognized as the high-quality European energy platform structured as the most important industry meeting of this kind.

### About REECO:

We organize trade fairs and custom made events on renewable energy and energy efficient building and renovation in cooperation with national and international companies, institutions, authorities and ministries. Company REECO SRB d.o.o. from Novi Sad forms part of the REECO® Group with headquarters in Germany and offices in Poland, Romania, Switzerland and Austria. Serbian REECO team organizes RENEXPO® events in Serbia and Bosnia and Herzegovina, where all Western Balkan countries are participating. Since 1997 until today, more than 50.000 professionals from over 70 countries attend trade fairs and conferences of this kind every year, organized by the REECO® Group. We build bridges and open doors!
